

Chrysler PAP Eligible Conquest Marketing

OVERVIEW

Cactus Sky is pleased to present a proposal for an integrated Email Conquest Campaign to “Highly Targeted” prospects.

The Overall Strategy: Cactus Sky is targeting “Auto Intenders” and “Truck Owners” with an informational message built around the “Motor Trend” recognition of the 2014 Ram as it’s Truck of the Year for the 2nd straight year.

The combination of engaging interactive content (including the Motor Trend video and a virtual interior spin of the truck) and responsive emails/landing pages will drive mobile activity and conversions.

The dataset will be targeted as 3 groups with slightly different creatives to optimize the messaging and engagement. After the initial deployment, a follow-up message will be sent to the “openers”. That message can be generic or highly targeted around such additional demographic selects like zip code, gender, age, etc.

In this proposal are some sample creative concepts mocked up around the Motor Trend Truck of the year creative assets. These are just concepts and not meant to be final proposed creative. Cactus Sky will work with Chrysler to develop the optimal creative and messaging to ensure success.
